

Section 1: Identification

Product Name:
PRONAIL- ALMOND CUTICLE OIL

Product Category: Nail & Skin treatment

Manufacture Identification:

Chemco Corporation
 4920 NW 165th Street
 Miami, FL 33014, United States of America

Telephone Number: 1-305-623-4445
 International Number: 1-352-323-3500
 Emergency Telephone Number: 1-800-535-5053

Section 2: Hazard Identification

Skin Sensitization Category 1

Warning

GHS Precaution Phrases:	H302: Harmful if swallowed H317: May cause an allergic skin reaction
GHS Precautionary statements:	P102: Keep out of reach of children P201: Obtain special instruction before use P202: Do not handle until all safety precautions have been read and understood
GHS Response Phrases:	P301+310: If swallowed: Immediately call a poison center/doctor P333+313: If skin irritation or rash occurs: Get medical advice/attention P501: Dispose of contents/container to ... [<i>... in accordance with local/regional/national/international regulation (to be specified)</i>]

Section 3: Composition/Information on Ingredients

INCI Name	Synonyms	CAS NUMBER	Conc. (%)
Paraffinum Liquidum	-	8012-95-1	70-100
Sorbitan Oleate	-	1338-43-8	0.3-1.0
Parfum	-	-	0.1-0.3
Prunus Amygdalus Dulcis Oil	-	8007-69-0	0.1-0.3
Geraniol	-	106-24-1	0.007
D&C Red #17/ CI 26100	-	85-86-9	<0.01
D&C Yellow #11/ CI 47000	-	8003-22-3	<0.01

Note: Some Specific chemical Identities and/or exact percentage (Concentrations) have been withheld as a trade secret.

Section 4: First-Aid Measures

Threshold Limit value: N/A

Emergency and First Aid Procedures

1- Skin: Flush with plenty of water. Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, you should contact a physician.

2 - Eyes: Immediately flush with clean, lukewarm water (low pressure) occasionally lifting eyelids. Seek medical attention if irritation develops.

3 - Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Get medical attention if adverse health effects persist or are severe. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.

4 - Ingestion: Get medical attention immediately. Call a poison center or physician. Wash out mouth with water. Remove dentures if any. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Aspiration hazard if swallowed. Can enter lungs and cause damage. Do not induce vomiting. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband

Section 5: Fire-Fighting Measures

Extinguishing Media: Carbon dioxide, dry chemical, foam, or water spray.

Fire Fighting Procedures: Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved.

Unusual Fire Fighting Procedures: None

Section 6: Accidental Release Measures

Environmental Precautions: Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods for cleaning up: Soak up with absorbent materials and wash with water; place in non-leaking containers for appropriate disposal.

Section 7: Handling and Storage

Ventilation:

No ventilation requirements

Storage:

Store upright at room temperature. In order to maintain product quality do not store near heat source or in direct sunlight.

Other Precautions: Avoid bacterial contamination. Keep containers tightly closed when not in use.

Section 8: Exposure Controls/Personal Protection

OSHA Permissible Exposure Limits

Chemical Name	OSHA PEL	ACGIH TLV (TWA)
Paraffinum Liquidum (8012-95-1) (Mist)	5 mg/m ³	5 mg/m ³

The TWA exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week. The STEL (Short Term Exposure Limit) is an exposure value that may be equaled (but should not be exceeded) for no longer than 15 minutes and should not be repeated more than 4 times per day. There should be at least 60 minutes between successive exposures at the STEL. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded, even briefly.

Respiratory Protection: Not applicable under normal conditions

Skin Protection: Resistant Plastic or rubber gloves (optional)

Eye Protection: Safety glasses or goggles. (optional)

Section 9: Exposure Controls/Personal Protection

Appearance : Oily Liquid
Upper/lower flammability : N/A
Odor: Honey Almond
Color: ClearOrange
Vapor pressure: N/A
Odor threshold: N/A
Vapor density: N/A
pH: N/A
Density (g/cm³): 0.700 to 0.900
Specific Gravity: 0.700 to 0.900
Melting point/freezing point: N/A
Solubility: Not soluble in water
Initial boiling point and boiling range: N/A
Flash point: >90 °C
Evaporation rate: N/A
Flammability : N/A
Partition coefficient (n-octanol/water): N/A
Auto-ignition temperature: N/A
Decomposition temperature: N/A
Viscosity (cPs): N/A

Note: Some of data above is not shown either because it is not relevant and/or readily available.

Section 10: Stability and Reactivity

Stability: Stable

Conditions to avoid: Direct Heat

Incompatibility (Materials to avoid): None

Hazardous Polymerization: Does not occur

Hazardous Decomposition Products: Unknown

Section 11: Toxicological Information

NO INFORMATION

Section 12: Ecological Information

No ecological hazards have been tested to be associated with this product.

Section 13: Disposal Considerations

Do not contaminate food or feed by storage or disposal. Do not reuse empty container. Wrap empty container and throw in trash collection. Dispose of according to federal, state, and local regulations regarding health, air, and water pollution.

Section 14: Transport Information

Finished packaged product transported by ground (DOT): Non hazardous
Finished packaged product transported by vessel (IMDG): Non hazardous
Finished packaged product transported by air (IATA): Non hazardous

Section 15: Regulatory Information

No Information

Section 16: Other Information

CHEMCO CORP. believes that the information contained in this M.S.D.S is correct as of this date. However, because the material may be used under conditions which CHEMCO CORP. has no control of or in ways we cannot anticipate, we give no warranty, expressed or implied, as to accuracy of the information and assume no responsibility for any damage to person, property or business arising from such use. Moreover, it is the responsibility of the purchaser or user of this material to ensure that is properly and safely used.
